HANDMADE KITCHEN SINK
S.S. KITCHEN SINK

**THE
MORDEN
KITCHEN
SINK
COLLECTION**

India's **Largest Range &**
Biggest Production Company

2025

Dinora established in (india), expertise in several premium products supply at best prices to global network.

trust is the foundation for all we do and exceptional excellence is a core value of our Group. We are continuously moving forward, innovating, and improving to provide our client a professional freight services to make high values in business. we are good at to make freight service at its best way.

When you choose to do business with Dinora " let's make it grow together" is the policy of our company. We provide customized solution in global network, long live relationship, favorable cost, and the most important key you receive in return is the Trust.

DESIGN & INTERACTION

Decorative shape with clear Geometries.

It distinguishes itself through the drainer pattern and the stainless steel coupler

The minimal radius of the corners gives contemporary feel to the sink while ensuring ease of cleaning after use.

Thanks to the large bowl, it is possible to accommodate a larger number of dirty vessels and dishes.

Neutral COLOR Options

- Pallet to match Interiors layouts of all types
- Higher aesthetic appeal.

DINORA

ACRYLIC GRANITE SINK

Dinora is a Hard Face Acrylic granite, this means that the working surface of the sink has a very high density of quartz particles. High density of particles means the substrate is hard and is highly resistant to scratches, abrasion and chemicals, Dinora give both side same finish Sink.

OTHER

COMPANY ACRYLIC GRANITE SINK

Other popular acrylic granite sinks use the ici methodology, which means that the quartz is spread more evenly throughout the material. Even distribution of particles means the substrate is soft and can be more easily damaged by scratches, abrasion or chemicals, Other company gives only front side finish backside have rough finish sink.

MORDEN TECHNOLOGY

Morden technology acrylic granite, the hardest constituent of granite, constituent around more than 75% of the raw material used in these sinks. The acrylic granite is moulded with high grade resin using a special computer - controlled polymerization casting process in special high grade moulds. The resultant hardened, composite material is resistant to scratches, dents, stains, heat and cracks. The non-porous surface and velvety feel of the material conveys the impression of high quality instantaneously. Quartz sinks are not only visually appealing but highly functional.

PRODUCT

BENEFITS

Another advantage to consider with a acrylic granite sink, it is naturally maintaining its color very well on its own, which is why this material is in such high Demand. There are a wide variety of colors from which to choose as well, allowing you to match almost any decorating scheme in your home.

INSTALLATION

Top mount / Drop-in Installation

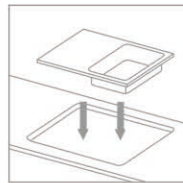

Be sure to wear personal safety devices such as safety goggles at all times.

Using paper template and physical sink to draw the cutout outline.

Apply silicone along the edge and cutting section. (We suggest using brush to apply silicone to the cutting section.)

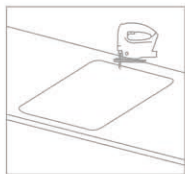

Place the sink and check for level.

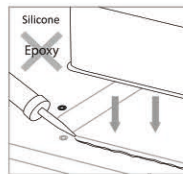

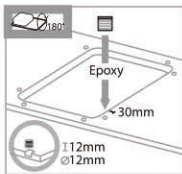

Use screwdriver to secure the sink

Under mount Installation

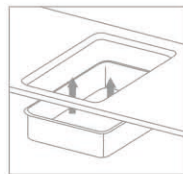

Be sure to wear personal safety devices such as safety goggles at all times.

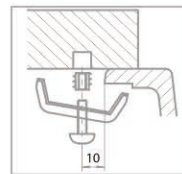

Use paper template and physical sink to draw the cutout outline.

Apply Silicon Along The Sink Edge.
Do Not Use Epoxy.

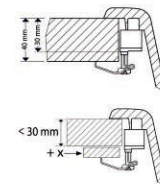

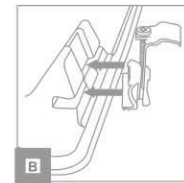

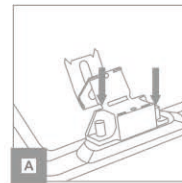

Apply silicone along the cutting edge.

Secure the clips.

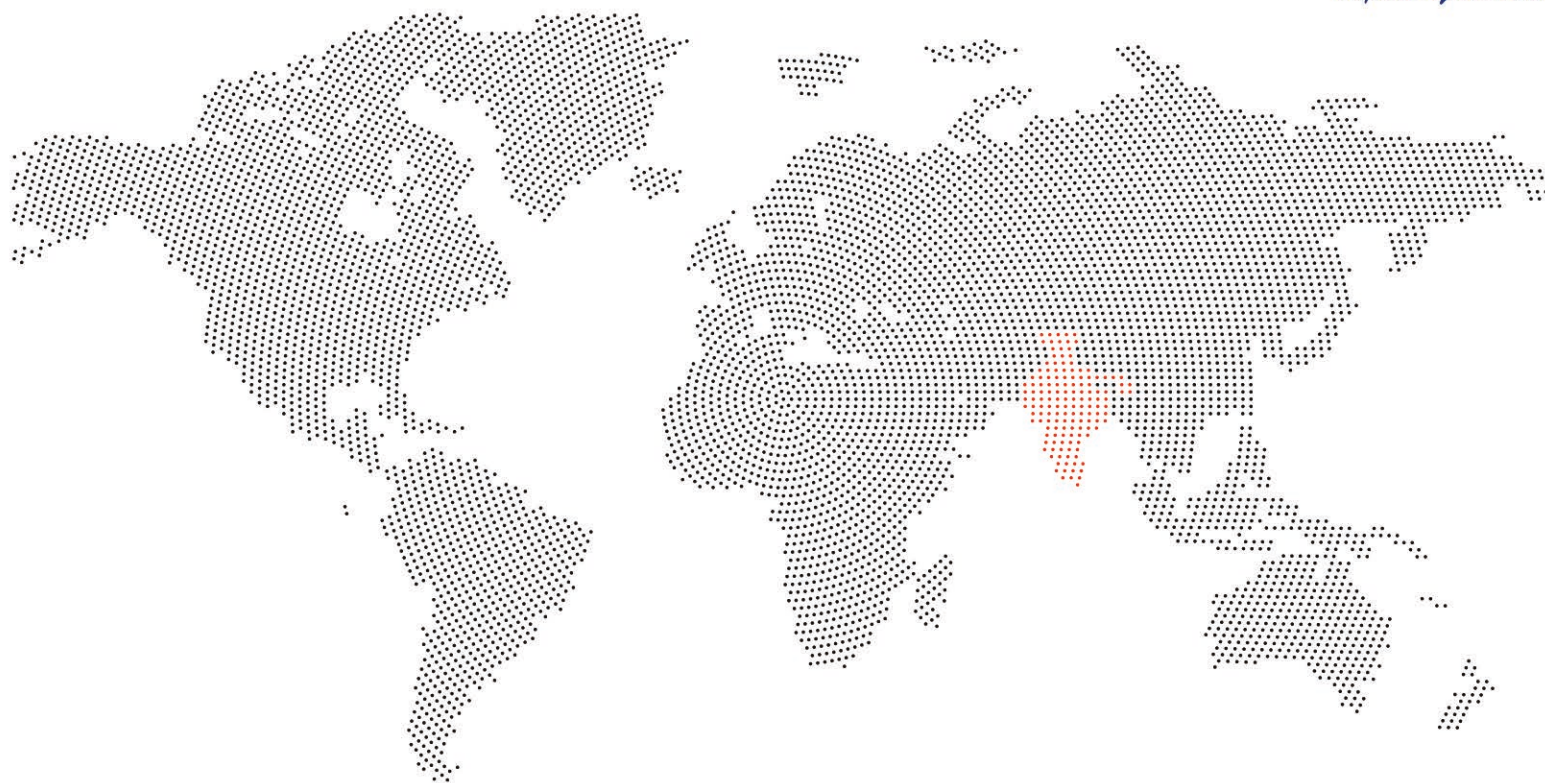

Flush mount / Drop-in Installation

Be sure to wear personal safety devices such as safety goggles at all times.

- Check your sink clips type.
- Type A or Type B.
- Places note that the mounting clips fit for the counter top depth from 30mm/1.18in to 40mm/1.57in. (If the counter top depth is smaller than 30mm/1.18in, please add a piece to make up to appropriate depth.) Mounting and fastening clips.
